Mid- Autumn Festival Activity Day

On September 19th Tsing Yi Primary celebrated Mid-Autumn Festival. Students learned about the history, stories, and traditions of the festival. They made lanterns, designed their own mooncake, and had a reunion lunch with their classmates. In the afternoon there were activity booths, and students had a chance to win prizes and play games.

Celebrating Mid- Autumn Festival near the beginning of the school year provided the perfect opportunity for students to develop stronger bonds with their peers, teachers and staff at the school, which is not only in spirit with this family-oriented festival, but also in spirit with our school community.
