JULY 2024

Message from Visual Arts Subject Panel Head

As we embark on the journey of nurturing our students' academic excellence in the mainstream subjects like English, Chinese, Mathematics, and General Studies, we also recognize the significance of Visual Arts Education. The learning of arts plays a vital role in a child's development, fostering their creativity, expanding their horizons, and encouraging individual expression. Visual arts encompass not only observation and techniques but also emphasize commentary and appreciation. It extends beyond the pursuit of beauty and nurtures spirituality.

At our school, we believe in providing a comprehensive arts education that allows our students to unleash their creative potential and craft their own gorgeous artworks in this vibrant world. From plain white drawing paper to textured corrugated craft paper, from the versatility of oil pastels to the vividness of acrylic paints, we strive to expose our students to a diverse range of mediums, enabling them to experience the captivating power of colours.

Art is a universal language that brings people together, but it can also be very subjective. We guide our students in discovering the meaning within individual artworks and cultivating a genuine appreciation for the arts. Through engaging in-class activities and our Art Exhibition, students' artworks are displayed and discussed. Each artwork represents the unique thoughts and ideas of our students, showcasing the rich diversity of their backgrounds. The exhibition serves as a platform for learning, fostering acceptance, and encouraging mutual admiration among our students.

Through Visual Arts Education, we aim to unlock each child's potential and nurture their artistic abilities. Every artwork in the Delia ARTivity is a wonderful creation from the hearts of our students. We invite you to step into this artistic world and admire the enchanting scenery it offers.
